Dos & Don'ts

DO report a claim or incident to our **Claims department** immediately by calling **877-778-2524** or emailing **ReportClaim@ProAssurance.com**.

If the insured is in receipt of a complaint for damages, proposed complaint, small claims notice, notice of deposition, notice of an investigation by a state licensing board, subpoena, or any other type of legal documentation/proceeding, contact our **Claims department** *immediately!*

- **DO** tell the caller to maintain the original medical records in a safe place for future reference.
- **DO** tell the insured to cooperate completely with the Claims Specialist, defense counsel, and other individual(s) assigned by ProAssurance to the case.

If the insured has questions as to discharging a patient from their practice, addressing a dissatisfied patient, or handling an unexpected outcome, please refer them to our **Risk Management department**. Their Helpline number is **844-223-9648**, or you can email them at **RiskAdvisor@ProAssurance.com**. The links listed below address frequently asked questions:

For questions about payments, please refer the insured to our **Billing department**: **Billing@ProAssurance.com** or **800-282-6242** (Option 1).

For questions about renewals, please refer them to their assigned underwriter.

- If the insured is asking for guidance on releasing a copy of a patient's medical records, tell them to provide a copy of the records only if they are properly requested in writing. This request must be made by the patient or their legal representative through a signed **HIPAA-compliant authorization**. If the signed **authorization** is not received, **DON'T** release the records.

Sample releases are available at Sample Forms, Checklists, and Letters. If there are any questions concerning the authentication of the release, contact our **Claims department** at **877-778-2524**.

Remind the Insured:

- **DON'T** alter or destroy the medical records. Doing so can negatively impact your defense and may void your insurance coverage.
- **DON'T** file a copy of the written claim report/legal documents within the patient's medical record. Keep all claim information in a separate, confidential file.
- **DON'T** chart any discussions you have with your Claims Specialist or defense attorney in the patient's medical record.
- **DON'T** make any personal comments about a patient or state any opinions regarding the care rendered or standard of care in your patient's chart. Only document the objective facts of the case.
- **DON'T** discuss the case with, or provide correspondence to, anyone other than a representative from ProAssurance or your attorney.
- **DON'T** conduct any research or investigation into the medical issues of the case including literature searches, on-line platform searches, and AI platform searches.
